

MALAYSIAN SUSTAINABLE PALM OIL POLICY

JPG as an eco-friendly plantation industry in Malaysia is committed to implement all principles and criteria set out by the Malaysian Sustainable Palm Oil (MSPO) that shall cover:

- Management commitment and responsibility
- Transparency and traceability
- Comply with all applicable statutory and regulatory requirements
- Social responsibility, safe and healthy workplace for our employees
- Environment, natural resources, biodiversity and ecosystem services
- Best practices
- Resolve the complaints and grievances in a transparent and fair manner
- The implementation of zero burning and maintaining good agricultural practices
- Ensure healthy returns to interested parties (stakeholders)
- Development of new planting

JPG will make every effort to achieve the balance between People, Planet, Profit, Peace and Prosperity in all management decisions and operations through continual improvement program to deliver the commitment towards production of sustainable palm oil products.
